MITL/HR/POLICY/2023

EMPLOYEE REFERRAL POLICY

1- Introduction:

Employee referral is one of the widely used & cost-effective sources to recruit candidates through our internal trusted employees.

This manual provides general information about the documentation, policy & process of releasing the payment to employee referral claim form against the candidates referred by employees which joined the organisation.

According to the payout policy, the payment should be released within specified TAT. Timely payment & communication would build strong and long-lasting relations with an employee. This also keeps employees motivated for referring more candidates for future requirements.

Releasing payments should follow a standardized process, involving proper documentation & requisite approvals.

2- Guidelines:

- To refer a candidate an employee needs to attach the referred CV and email it to "HR.MI@motherson.com".
- Any candidate walking into the office directly will be considered as a Direct Walk in.
- Referred candidates will be reviewed against the JD/ minimum criteria and if found suitable, an interview shall be arranged with the Recruitment Team / Hiring Manager.
- Selection would happen on merit only and the referral process would be considered as one of the multiple sourcing options being used by Recruitment Team to source talent for vacancies created within the organization.
